Forecast for Sunday 27 Nov 2022

Weather: Frequent showers overnight and during the morning, some heavy with hail and lightning possible especially near the west coast. Feeling cold with showers falling as sleet or snow above 800m. Showers becoming less frequent through the afternoon with longer sunny or clear spells developing.

Chance of cloud-free hill tops above 800m: 30% in morning becoming 70% in afternoon.

Low cloud and visibility: Visibility mainly good but suddenly poor in showers moving through from the southwest, especially in snow showers on upper slopes Occasional low cloud and fog during the morning, mainly above 700m but sometimes down to 400m in showers in the west, then cloud clearing from most hills in the afternoon.

Met Office Aberdeen Meteorologist's View
Feeling bitterly cold on higher slopes with strong winds and wintry showers, especially during the morning. Difficult and potentially dangerous walking conditions on exposed ridges and summits.

Forecast for Monday 28 Nov 2022
Weather: Clear spells and scattered showers overnight, wintry above 800m, with a touch of frost in the glens. The showers will die out during the morning then a dry afternoon with plenty of sunshine. Dry with clear spell in the evening with a touch of frost developing.

Maximum wind: Southerly 25mph gusts 35mph overnight, decreasing to 15mph during the day.

Chance of cloud-free hill tops above 800m: 80%.

Low cloud and visibility: Mainly excellent air clarity. Briefly poor in any showers overnight and during the morning with patchy cloud above 600m.

Temperature: **Glens:** Plus 5 Celsius rising to 8 Celsius, falling to 1 Celsius during evening.
At 800m: Plus 2 Celsius.
Freezing level: 1100m.
